## Pick-It Challenge Winners

It was an exciting few weeks of college basketball with upsets and surprises every week! Baylor beat Gonzaga and took home the top prize. We hope you enjoyed competing against your friends and neighbors during our NCAA men's basketball bracket challenge. Congratulations to the winners of our Pick-It contest:

- 1<sup>st</sup> Place Kevin Moe, Moorland
- 2<sup>nd</sup> Place Teresa Kist, Vincent
- 3<sup>rd</sup> Place Erin Rossmanith, Barnum

## LTD Broadband

It has come to our attention that LTD Broadband is contacting our local communities (with tall water towers), cooperative elevators, ethanol plants and farmers (with tall grain legs) throughout our WCCTA service area. More specifically they want to place antennas at these locations to expand their service area.

If you have been approached by this company (or any similar companies) we would appreciate learning more. Contact our office at 515-352-3151.

Bring May Flowers*

# WCDTV Radar

April showers bring May flowers! As spring storms approach we know many people enjoy the convenience of checking the radar on WCDTV.

As part of your WCDTV service you can push the yellow button on the remote (then press OK) to access weather information. This includes a five-day forecast, current weather information and a radar.

We've heard from many people about the frustration with the radar over the past few months. Unfortunately we don't have control over the information or how it is provided. NOAA's National Weather Service provides the local information and we simply pass it though as is. You can find the same information at [weather.gov](http://weather.gov).

(879-2400)

*Happy Mother's Day*

## Calhoun County Construction

Progress continues on WCCTA's expansion further into Calhoun County! We call this our CLEC area as we move to compete against the communications carriers already providing service. Rules are different for us to compete there than it is to provide service in our Incumbent (ILEC) area.

Lohrville and Manson businesses and residents can currently sign up for any services – phone, Internet and TV! Details are being finalized in Rockwell City and will be ready soon to install new services. Construction began in Lake City in April to plow fiber and drops to each location in town. If you know people in any of these areas be sure to recommend our services!

## Newsletter Contest

Congratulations to Larry & Ruth Stubbs of Gowrie and Delmar Peterson of Knierim! They found their phone number located in the newsletter last month! There are three located in this newsletter. Can you find them? Find YOUR phone number in this newsletter and contact our office to win a \$10.00 credit on your billing statement!
