

WHY CHOOSE WEBSTER-CALHOUN?

Our network is 100% buried fiber providing our customers with the fastest, most reliable Internet connection possible!

We employ local people! Our office is located in Gowrie, IA, and our staff live throughout our service area and in your communities.

No Contracts - You won't be locked into a specific package or introductory pricing. Simply contact our office to make changes.

Unlimited Data - We don't impose peak hours or cap the amount of data used during your billing cycle. Your fiber connection is delivered directly to you and not shared by others!

Contact our office directly during business hours, where you can correspond with a real person! Call, email, or visit our office for assistance with your account and services.

After-Hours Technical Support - Having issues with your service after we are closed? No problem! We offer 24/7, technical support from a company based in Iowa.

Access to ESPN3 - Internet customers have access to a digital network with thousands of live events annually. Visit the ESPN website directly to view content, click the "Watch" dropdown, click "Browse" and click ESPN3 under "Channels" >>> <https://www.espn.com/watch/>

CUSTOMER FEEDBACK

"From the first phone call into the office and the technician's visit to my home, the customer service was fast, friendly, and thorough. Thank you!" – Mary K.

"Very helpful, friendly and all-around great service!" – Jennifer S.

Internet & Wi-Fi

UNLIMITED & FAST

Webster-Calhoun

Cooperative Telephone Association

NETWORK TO THE HOME FIBER POWERED

OUR PLANS

You choose the speed based on how fast you want data transferred. The amount of data transported each month is unlimited!

THE STARTER

100 Mbps Symmetrical \$59.95/month

Great for a single person, couple or small business. General web surfing, checking email, and minimal video streaming.

THE FAMILY

250 Mbps Symmetrical \$99.95/month

Perfect for a multi-generational household or small business. Multiple people streaming entertainment or on the web at the same time, video conferencing, and working from home.

THE STREAMER

500 Mbps Symmetrical \$129.95/month

Great speed for a large household with individuals working from home and primarily streaming their entertainment. Heavy web usage, smart home devices, video conferencing, and more!

THE GAMER

1 GIG Symmetrical \$199.95/month

Optimal speed for several users and devices, constant web use throughout the day and evening. Highest demand for speed, system monitoring, computer backups, video streaming, multiple gamers connected to the network, and more!

**Webster-Calhoun cannot guarantee speeds or that service will be compatible with all computer configurations.*

WORRY-FREE MANAGED WI-FI

Managed Wi-Fi is a service that takes the hassles of Wi-Fi troubleshooting and more off your hands, in exchange for a monthly fee.

Managed Wi-Fi \$9.95/month

A router managed for you by Webster-Calhoun, providing you a worry-free Wi-Fi experience!

Mesh Extender \$4.99/month

An extender may be necessary depending on your home or business layout.

Router Installation \$40.00

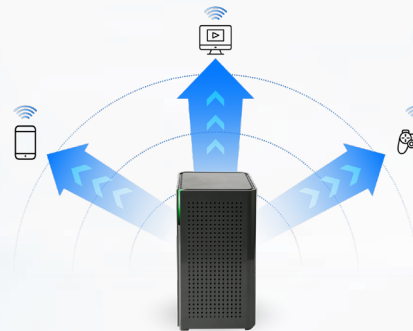

One-time fee for installation of the router.

CommandIQ Wi-Fi App Free w/ Router

Monitor your network with this handy app!

Benefits of Managed Wi-Fi

- Troubleshooting & support connecting devices.
- Software updates done behind the scenes.
- Repair and replacement of the router if needed.
- And, more!

**If a customer chooses to purchase their own router, they assume the responsibility of maintaining their equipment. This cannot be a router/modem combination. WCCTA does not install or service customer owned equipment. If renting a Managed Wi-Fi Router, the customer will pay monthly rental fees and must return equipment to WCCTA upon disconnecting services.*

ADDITIONAL FEATURES

Static IP Address \$5.00 per IP/month
Can be assigned upon request.

Ethernet Jack Time/materials
Installation of hard-wired connection for a desktop computer, gaming system, etc.

Email@WCCTA.NET Free

If you decide to get an email through your Internet Service Provider it is encouraged to have a backup email. There are many free email providers available like Gmail, Yahoo, Outlook, ect.

**Customers with active service can have up to 5 email accounts. Charges will apply if services are disconnected.*

Tech Home \$Varies

There are more internet connected devices in the home than ever before, which can make keeping devices and personal information secure a challenge. Ask our staff to learn more about device protection available to you with TechHome.
