Vosberg Enterprises Welcomes New Owners

On Friday, September 2, 2022, Vosberg Enterprises Inc. was purchased by Trevor and Brett Larson. The brothers have been with Vosberg Enterprises for several years where they have learned the ins and outs of both the farm drainage and machining sides of the company from the previous owners, and brothers, Jeff and Gary Vosberg. Jeff and Gary will continue working with the company to help transition the leadership roles smoothly.

According to Trevor, "It's important to us to express that, as a company, we are and will continue to operate the same as we have in years past. We have always thought Vosberg Enterprises has delivered quality service in the surrounding areas and we will do our best to live up to the high reputation the Vosberg family has built over the past 70 years."

The Larsons and the Vosbergs gave credit to several entities that helped in this transition including their customers, the Small Business Development Center, and Brian Lane of Security Savings Bank. They also noted Webster-Calhoun Cooperative Telephone Association, Calhoun County Electric Cooperative Association, and Calhoun County Economic Development Corporation as they were able to collaborate with local lenders by utilizing Revolving Loan Funds.

WCCTA established a Revolving Loan Fund in 2017 with funds from the USDA to help improve quality of life in rural areas by contributing to the long-term improvement of the economy including job creation and retention.
