

Looking for reliable, lightning-fast high-speed Internet connection with unlimited usage and no contracts?

Choose the speed that best fits **YOUR** demands.

The demand for more usage and faster speeds is growing exponentially. The trends of online video, streaming, music, gaming and other multi-media content continues to increase.

WCCTA has invested in a complete fiber optic network to bring you the best, most reliable quality network for future growth.

YOU CHOOSE THE SPEED.

HIGH SPEED ACCESS

Webster-Calhoun
Cooperative Telephone Association

NETWORK TO THE HOME FIBER POWERED

PACKAGES

You choose the speed based on how fast you want data transferred. The amount of data transported is unlimited!

100Mbps / 20Mbps <small>(Phone Service Required)</small>	\$39.95/month
100Mbps / 20Mbps	\$59.95/month
200Mbps / 40Mbps	\$79.95/month
350Mbps / 70Mbps	\$129.95/month
500Mbps / 100Mbps	\$199.95/month

BOOST UPLOAD SPEEDS in addition to above package: 20Mbps Boost **\$10.00** or 40Mbps Boost **\$20.00**

DOWNLOAD SPEED (the first number) refers to the connection rate transmitting data from the Internet to your computer such as downloading a website, or software program.

UPLOAD SPEED (the second number) refers to data transmitted from your computer to the Internet (requesting a web address.)

WCCTA cannot guarantee speeds or that service will be compatible with all computer configurations.

INSTALLATION

Contact WCCTA for an application form. Complete and return the form.

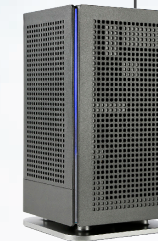

The Internet access is provided to your location. Networking within customer premises is not handled by WCCTA technicians.

ADD WORRY FREE WIFI

Webster-Calhoun provides access to the Internet direct to your home or business but how do you connect it to your multiple devices?

Internet access on our Fiber to the Home network does not require any additional equipment. A jack is specially wired and an Ethernet cord connects the jack to your computer or router.

Using your devices on a fast and reliable home Wi-Fi network is lots of fun. But doing the work of Wi-Fi setup and troubleshooting — not so much. WCCTA can handle that for you!

MANAGED WIFI \$9.95* PER MONTH

** One-time \$40 set up fee.*

NEW ROUTER INSTALLATION

- Selection of the best router location in your home for optimal coverage and signal strength
- Setup of your Wi-Fi security password to avoid others using your Wi-Fi network without your permission
- Learn how to connect your devices — such as laptops, tablets, phones, and printer — to the Wi-Fi network
- Troubleshooting should the Wi-Fi service stop working or function poorly
- Repair or replacement of the Wi-Fi router if needed
